**Strengthens Probability  
that Diplomatic Break  
Has Been Averted**

## WILSON STUDIES NOTE

**President and Lansing Go Over  
Phraseology and Meaning  
That Might Be Attached**

## BERNSTORFF BACK IN CAPITAL

WASHINGTON, May 6.—The probability that a diplomatic break with Germany has been averted, at least temporarily, was strengthened today when the official text of the German note, laid before President Wilson and Secretary Lansing was found to be almost identical with the unofficial version sent to the United States in press dispatches.

Officials had indicated that should the official text bear out the unofficial version, they thought it improbable diplomatic relations would have to be severed unless there should be further attacks upon merchant ships in violation of the new pledges given.

Certain features disappointing, however, over certain features of the German reply and some high officials believe that it at least cannot be accepted unconditionally. The president and Secy. Lansing studied the text carefully today, going over the phraseology and the shades of meaning that might be attached to various expressions.

Opinion as to whether the note requires an answer seems divided. Decision rests with the president and until he has made up his mind it is unlikely that an official expression of opinion will be forthcoming. So far he has not indicated his final judgment in the matter. It is possible that no reply will be sent for the present at least, and that the president will maintain silence for a time, allowing Germany to demonstrate on her own behalf the good faith of her intention to carry out the policy indicated in her new orders to submarine commanders. Although the president realizes that the promises given are the cardinal elements of the note, he is understood to be displeased over the language used and the conditions apparently attached.

Should the note be accepted as satisfactory and a reply sent, it is expected to take the form of a notification to Germany that the United States has decided not to sever diplomatic relations as long as the new submarine orders remain effective and are observed.

The only indication regarding the attitude of President Wilson was obtained today from persons close to affairs of the white house who described him as feeling himself in a position where he could not question Germany's good faith, unless the declarations made by the German government should not prove effective. Count Bernstorff, the German ambassador, returned to Washington today from New York. He said he had no instructions from his government to discuss the situation with Secretary Lansing and that he did not intend to go to the state department unless he should be so instructed by Berlin or Secretary Lansing should invite him to call.

Officials would not be surprised, however, if the ambassador should be instructed to call upon Secretary Lansing next week, after he and President Wilson have had sufficient time in which to reach conclusions. The official text of the German note was made public today by the state department. Ambassador Gerard, in transmitting the document, said he had received copies in both German and English possibly accounting for the fact that the official and unofficial versions are so nearly identical.

A slight difference in the text occurs in that paragraph where the unofficial version says that Germany "has decided to make further a concession adapting the methods of submarine warfare to the interests of neutrals." In the official text the words "in adopting" appear in place of the word "adapting."

Another difference has to do with an omission, probably due to an error in cable transmission. The words in the unofficial version "several attempts made by the government of the United States to prevail upon" preceding the words "the British government to act accordingly," failed because the flat refusal on the part of the British government" and missing from the official text the omission being indicated.

The only other discrepancy is that the unofficial version speaks in one place of the "incontrovertible rights" to freedom of the seas, while the official text employs the term "incontrovertible."

## MEXICANS ROUTED AT OJOS AZULES MAKING WAY TOWARD MOUNTAINS

Picked Troops of Eleventh Cavalry Under Major Howze Are Close on Their Heels.

Columbus, N. M., May 6.—Afoot and without proper clothing or food, Mexicans who composed a band routed at Ojos Azules on Thursday by American cavalrymen are making their way toward the mountains, according to reports here tonight. The bandits scattered in small groups were said to be in the vicinity of Llanos, and headed apparently toward Bocoyna, near the terminus of the Kansas City, Mexico and Orient railway and about forty miles from Ojos Azules.

Close on their heels are picked troops of the Eleventh Cavalry under Major Robert L. Howze.

Further reports indicated that Maor Howze's plans of surprising and making the entire band captives was frustrated only by the alertness of a goat herder. The cavalrymen had already dismounted and were closing in on the enemy with their pistols drawn when the sheep herder gave the alarm and the Mexican bandits scurried the retreat. The Americans seized a number of the Villa mounts and a quantity of arms and equipment.

Ten Mexicans have been killed in the last few weeks by American soldiers who caught them cutting the field telegraph wire, according to apparently authentic reports here tonight. It was pointed out that the wire cutting has practically ceased since.

## SUSPEND HOSTILITIES IN SANTO DOMINGO ON INTERVENTION THREAT

SAN DOMINGO, May 6.—The hostilities which broke out here yesterday, the outgrowth of the attempt to overthrow the regime of General Jimenes, resulting in several persons being killed or wounded, were suspended today. A warning from William M. Russell, the American minister, that armed intervention would result within seventy-two hours unless hostilities between opposing Dominican factions ceased, caused a meeting of the municipality and the appointment of a commission to endeavor to persuade President Jimenes and General Arias to arrange their difficulties. General Arias agreed to surrender on condition that the president resign. The commission then carried the proposition of General Arias to President Jimenes but the president has not yet given his decision.

## ROADS APPEAL FROM DECISION FIXING RATE FOR CLEANING CASR

SPRINGFIELD, Ill., May 6.—Twenty seven railroads of Illinois today filed an appeal in the Sangamon county circuit court from the decision of the state public utilities commission fixing rates for cleaning of stock cars by roads.

The order makes it necessary for railroads to clean single deck cars for 75¢ and double deck cars for \$1.25. The carriers aver that the rates will cause them to lose money.

## FIRE DESTROYS AN ENTIRE BUSINESS BLOCK AT EDINBURG

SPRINGFIELD, Ill., May 6.—Fire whipped by a high wind today destroyed an entire business block of Edinburg, twenty miles south of this city, entailing a loss of \$40,000. Sparks from a Baltimore & Ohio locomotive are blamed.

Fire fighting equipment was started from Springfield but the blaze had taken the block before the special train from here and got well started. Every male individual in town and many women worked as a bucket brigade to save other buildings. The population is one thousand.

## COMMISSION MEMBERS AND DUNNE CONFERENCE

Springfield, Ill., May 6.—Governor Dunne today conferred with members of the Illinois and Michigan canal commission with reference to a new lease on the water power privilege at Joliet now held by the Illinois Light & Power company, which expires July 17 of this year.

It is the position of state authorities that the revenue of \$10,000 now received for water power privileges from the lessee is too little. Bids will be advertised for within a few days on the basis of which a new lease will be effected.

## GRISCOM RETURNS TO NEW YORK.

New York, May 6.—Lloyd C. Griscom, former American ambassador to Italy who has been in Europe for some time representing the Chicago meat packers in their claims against the British government, arrived here today on the steamship Baltic from Liverpool.

Mr. Griscom said that while the thinking people of Great Britain have no doubt as to the outcome of the war they look for it to continue three years yet and preparations are being made toward that end.

## FIRST CHIEF CARRANZA APPROVES AGREEMENT

**BELIEVE FINAL CONFERENCE WILL BE  
HELD TODAY**

Carranza's Action Is Expected to Clear the Way for More Thorough Co-Operation Between American and Mexican Troops.

El Paso, Texas, May 6.—First Chief Carranza sent a message to General Obregon tonight informing the Mexican minister of war that he had found the agreement with the United States satisfactory, with the exception of a few minor points. It is now believed that the final conference will be held tomorrow when the protocol will be signed. General Jacinto Trevino, commander of the department of the northeast in Mexico, departed for his home in Torreon tonight.

Expect More Thorough Co-Operation. Washington, May 6.—General Carranza's approval of the Scott-Obregon agreement, announced in news dispatches tonight, is expected to clear the way for more thorough co-operation between the American and Mexican troops in the campaign against Villa. It already has been approved by President Wilson.

Details of the agreement have not been made public but it is understood to provide for more extensive use of the railroads by the American forces and to establish an understanding on many questions which officials here and in Mexico City have feared might lead to clashes between the Americans and Carranza soldiers. Reports that a date has been set for withdrawal of General Pershing's expedition have been officially denied. No official notification of General Carranza's decision had reached Washington late tonight, and officials were in ignorance as to the minor points of the plan on which the first chief was reported as reserving decision. No obstacle to an agreement is believed to have been interposed.

State department officials thought it probable Carranza would communicate his decision to General Obregon at El Paso rather than to Special Agent Rodgers at Mexico City or Eliseo Arredondo, his diplomatic representative here. Negotiations for a formal protocol covering the subject of the expedition is expected to be resumed here after the Scott-Obregon agreement has been ratified. While the latter deals with the military features, it is thought necessary to work out diplomatic features thru regular diplomatic channels. General Carranza's note of April 12, suggesting that discussion of the withdrawal of the American forces be taken up suspended negotiations then in progress for a protocol. If these are to be resumed the ground will have to be gone over again in the light of the border agreement.

Administration officials were elated at the success of Major Howze and his men in surprising a Villa band, punishing it severely, and coming off without any casualties. The dash, army officers said, was in many respects unsurpassed in brilliancy. The fact that at least 42 bandits were slain, that the remainder were effectually scattered, and that a number of Carranza soldiers held prisoner by the outlaws were rescued is expected to lend to the prestige of the American troops among the Mexicans.

The official report from General Pershing telling of the fight was the only Mexican dispatch made public today at the war department.

## SEVEN THOUSAND IN BUILDING TRADES ARE CALLED ON STRIKE

ST. LOUIS, May 6.—Seven thousand in the building trades were called on strike here today by representatives of sixteen unions. The trades concerned are the layers, cement finishers, concrete, plumbers, steamfitters, hoisting engineers, iron workers, roofers, electricians, pildrivers, asbestos workers, painters and machinists.

Carpenters, bricklayers and plasterers are not affiliated with the building trades council, and tho they are not formally called out many men in these trades quit work. Business agents of the various unions went about the city, visited 100 buildings in course of construction and called the men out in sympathy with the striking members of the hodcarriers' and building laborers' union who are demanding a wage of 35 cents instead of 25 cents an hour, an eight hour day and time and a half for overtime.

## DUNNE GOES TO NEW YORK ON EXTRACTION OF BIDDING

SPRINGFIELD, May 6.—Governor Dunne today continued until 10 o'clock Tuesday morning in this city a hearing on the extradition of former Police Sergeant Guy Bidding, now a member of the Burns detective agency in New York, who is charged with grand larceny, bribery and allowing a prisoner to escape while a member of the Chicago police department.

Harry Berger of the state's attorney's office of Cook county was before the governor with an indictment against Bidding returned by the Cook county grand jury. He asked the requisition.

## DUNNE FAVORS TRAVELING MEN CASTING THEIR VOTES BY MAIL

Executive Addresses Convention of Travelers' Protective Association—Officers are Elected.

Springfield, Ill., May 6.—Traveling men should be permitted to cast their votes by mail if they are on the road at election time and properly registered at their home towns, Governor Dunne told delegates attending the Travelers' Protective Association convention here today.

The high cost of elections under the present set of election laws was attacked by Governor Dunne in his address, which was delivered in the hall of representatives in the state house. "We need new election laws and fewer election laws," said the governor. "The present system is far too costly and unwieldy."

Officers elected today were:

President—Charles A. Nelson, Chicago.

First vice president—L. R. Greene, Galesburg.

Second vice president—L. T. Beach, East St. Louis.

Third vice president—H. B. Heinke, Belleville.

Fourth vice president—L. S. Sarwincer, Decatur.

Fifth vice president—O. L. Wilson, Aurora.

Secretary-treasurer—N. W. Welch, Peoria.

Directors—R. H. Galaher, Peoria; E. T. Leopold, Quincy; C. E. Tuell, Canton.

Quincy was chosen as the 1917 convention city.

## DEBATE ROAD BILL

Washington, May 6.—Debate on the Banhead bill to extend federal aid in road building continued all day in the senate without a final vote being reached. An amendment by Senator Lee of Maryland proposing an investigation of the best route to a trans-continental military road was rejected. Senator Taggart of Indiana urged passage of the bill in his maiden speech in the senate.

## DODD'S CHIEF SCOUT TELLS OF BANDIT ROUT

**COWBOY IS IN DOUGLAS, ARIZ., ON  
TWO WEEKS LEAVE**

Tracy States Fight at Tomachic Lasted From 1:30 Until After Nightfall—Cowboy Asserts that Col. Dodd is Always in the Lead.

Douglas, Ariz., May 6.—Charles E. Tracy, a cowboy who has been chief scout with Colonel George A. Dodd, in command of American advanced forces who is here on two weeks leave, gives an account of the manner in which Colonel Dodd with 170 Seventh Cavalrymen routed two hundred Villa followers at Tomachic, Chihuahua on April 22nd. Tracy reported the position of the Mexicans to Colonel Dodd who was several miles distant from the town. After a quick march the Americans charged the Mexicans, who were in the streets of the town. This was the signal for a volley from the main body of the Mexicans, hidden in trenches and behind rocks on the hillside. The range was about 2,000 yards.

The Americans, in the fact of hot rifle fire, charged the Mexican positions. The fight lasted from 4:30 until after night fall. The Americans used two machine guns with telling effect. The American loss was two killed and three wounded; that of the Mexicans 31 dead, while they carried many wounded away.

"Colonel Dodd is a wonder," Tracy said. "Altho he is 64 years old, he is always in the lead—always in the thickest of the fight. He eats less, sleeps less and travels more than any man under him."

Tracy says on another occasion a badly frightened Mexican reported that two Americans and eight Carranza soldiers were being held prisoners in a Mexican ranch house thirty miles north of Guerrero. Colonel Dodd sent two troops under Captain Kendrick. Tracy acted as guide. As the Americans approached, 30 Villa followers crept up to a point about 50 yards from them and opened fire. None of their bullets were effective and they were easily beaten off. The Americans arrived to find that the Carranzas and Carranza men were not prisoners but were beleaguered in the ranch house. The Americans were Henry Ackling and Walter McBane, ranchers located near Cuatroras.

Tracy was the man who first learned about Villa's wound. After the fight at Guerrero, he found the building where Villa had made his headquarters. A man and woman who had taken care of Villa were there and after two hours of questioning they said that Villa was wounded in the leg near the ankle. This was confirmed by a Mexican assistant of Dr. Stell, an American, from whom Villa had obtained the dressings for his wound.

## POPE COMMUNICATES WITH WILSON THRU THE APOSTOLIC DELEGATE

Believe Fear That Diplomatic Break Would Impair Ability of U. S. to Aid in Restoring Peace Influenced Action.

Washington, May 6.—Fear that a break between the United States and Germany would impair the ability of the United States to aid in restoring peace in Europe is said to have influenced Pope Benedict in communicating with the president today thru the apostolic delegate, who delivered the message at the white house.

The message, taken in connection with the suggestion in Germany's last note, that she was ready to consider peace on certain terms, caused deep interest among officials here. The pope, like President Wilson, is understood to be ready to make peace suggestions when he believes the time ripe.

Up to the present so far as could be learned tonight there has been no intimation from the allied governments that peace overtures would be welcomed. President Wilson consistently has taken the position that he could not with propriety, make further mediation offers unless all parties to the war were ready to discuss the subject.

## CAPT. TURNER CONFRONTED WITH STRIKE OF MEN ABOARD HIS SHIP

NEW YORK, May 6.—On the eve of the anniversary of the sinking of the steamship Lusitania which he commanded, Captain W. T. Turner was confronted here, late today, with a strike of the seamen aboard his vessel, the Uttonia, one of the largest freighters on the Cunard line. The Uttonia, bound for Liverpool via Boston and Halifax, was proceeding out of the harbor when the seamen demanded an increase in wages.

Captain Turner anchored the ship off the Statue of Liberty and came ashore. He appealed to the marine division of the police department, but was informed that as the seamen had struck within the three mile limit their action did not constitute mutiny. Captain Turner then went to the British consulate and later returned to the Uttonia with Vice-Consul Shepard. It was said later that the demands of the seamen were granted, to enable the vessel to proceed as far as Boston, but that the crew would be discharged there and a new one taken aboard before the Uttonia starts for Halifax and Liverpool.

## COMMISSION AUTHORIZES SALE

Springfield, Ill., May 6.—The state public utilities commission here today authorized the sale of the Automatic Telephone company of Decatur to the American Telephone & Telegraph company for a consideration of \$327,700.

## SAYS ANTI-AMERICAN SENTIMENT IN MEXICO IS DECREASING

Bishop McConnell Reports Results of Missionary Work to M. E. General Conference.

Saratoga, N. Y., May 6.—Anti-American sentiment in Mexico is decreasing, in the opinion of Bishop Francis M. J. McDonnell of Denver, who reported to the Methodist Episcopal general conference tonight the results of missionary work in that country over which he has Episcopal supervision. He visited the Mexican churches frequently during the trouble there and was in Mexico City at the time of the Villa raid on Columbus, N. M. He was escorted to the Northern border by Alfonso Herrera, a Carranza leader who is a member of a Mexican Methodist conference.

"Whatever may be said of President Wilson's Mexican policy," the bishop said, "it is true that this policy has done more to convince the Mexicans that the United States does not want Mexico as have all our other policies put together. The stories of outrages committed on Americans are very greatly exaggerated. Scores of Americans have been killed but not because they were Americans. After four trips to the interior of Mexico and to the northern border, I have been unable to learn of more than one American killed just because he was an American, except those who have died by the recent outrages of the followers of Villa."

## TELLS OF DISCUSSING PLAN FOR DIVIDING RAILWAYS OF THE SOUTH

Head of L. & N. Railway Is Cross Examined Before Interstate Commerce Commission.

Washington, May 6.—The conference at Kennesaw, Ga., in 1894, at which Milton H. Smith, president of the Louisville & Nashville railroad company, and the late Samuel Spencer, president of the Southern railway, discussed plans for dividing the railways of the south between them was explained in detail today during Mr. Smith's cross examination before the interstate commerce commission. Mr. Folk's questions followed testimony brought out as to the L. & N.'s holdings in the Nashville, Chattanooga & St. Louis railway, which the L. & N. controls.

"We hold 134,160 shares of stock in the N. C. & St. L.," Mr. Smith testified. "We acquired this stock in 1889 at a cost of about \$25 a share. It is now worth about \$135 a share and of the issue of about \$16,000,000 capital, we hold about \$11,000,000 or 12,000,000."

Asked whether the L. & N. gave rebates, switching privileges "or anything of the kind," Mr. Smith said: "Not so far as I know—certainly not with my consent. At my time of life I do not want to risk going to the penitentiary."

Mr. Folk announced at the afternoon recess that he intends to call W. P. G. Harding of the federal reserve board to testify concerning the circumstances under which the L. & N. had loaned \$249,000 in 1912 to the state of Alabama, thru the First National bank of Birmingham. Later Mr. Folk decided not to call Mr. Harding and the hearing closed with Mr. Smith's testimony. The next hearing will be held at Nashville on May 23.

## RURAL CREDITS LEGISLATION IS STARTED ON WAY THRU HOUSE

WASHINGTON, May 6.—Rural credits legislation, part of President Wilson's legislative program and already favorably acted upon by the senate, was started on its way thru the house today. Debate probably will continue most of next week, under a special rule adopted in order to expedite the measure.

There are several differences in the senate bill and that reported by the house banking committee which will have to be worked out in conference. Each, however, provides for a chain of land banks thru which loans would be made on mortgages.

The special rule adopted provides for continuous consideration of a measure until disposed of except that it shall not interfere with the army bill conference report to be taken up on Monday and the regular calendar business of Wednesday. Reading of the rural credits bill for detailed consideration probably will begin on Tuesday.

## FIND BODY OF WELL DRESSED MAN FLOATING IN MISSISSIPPI RIVER

QUINCY, Ill., May 6.—The body of a well dressed, unidentified man about 40 years old, was found floating in the Mississippi river here this morning. In his pocket was found a note which read:

"Good bye to the fellows; to hell with the rest. I'm tired of living and worry, so let me rest."

The note was signed with the initials "G. W. R." The coroner's inquest returned a verdict of suicide. The body was buried this afternoon in the potter's field.

## WILL RETURN TO WORK

New York, May 6.—Three thousand employees in the men's clothing industry who went on strike several days ago will return to work Monday and a general strike affecting 75,000 employees in the same industry which was threatened has been averted, it was announced tonight.

## GERMANS RESUME VERDUN OFFENSIVE

**Paris Reports Violent  
Bombardment in Vicinity  
of Hill 304**

## FORCE FRENCH OUT

**Constantinople Has Reports of  
an Uprising Against British  
in the Sudan**

## ITALIANS RAID DURAZZO

The Germans have resumed the offensive in spirited fashion in the Verdun region.

Paris reports a bombardment of unprecedented violence in the vicinity of Hill 304, northwest of the fortress, by reason of which the French were forced to evacuate some of their trenches on the northern slope of the hill. The Germans, however, were unable to advance because of the French barrier of fire and were checked in attacks to the west and northwest of the hill. Berlin's account of the fighting northwest of Verdun describes it as proceeding successfully for the Germans.

According to the German headquarters the French met with something like an aerial disaster when a large number of their captive balloons broke loose during a sudden storm and fifteen of them were captured by the Germans.

Conditions are comparatively quiet on the eastern front, the only operation of note being reported by Vienna in the driving of the Russians from a wood to the southwest of Olyka. Activity also seems to have slackened on the Austro-Italian front. The chief happening, according to the Vienna war office was the explosion of the Italians from a salient of trenches near Lazerna.

Constantinople has reports of an uprising in the Sudan, when the Imam of Darfur with troops and 8000 camels is said to be marching against the British in the Northern Sudan, who are in retreat toward the Nile.

A successful Italian air raid on Durazzo in Albania is reported from Rome and Vienna announces a similar attack by Austrian airmen on Avolona which is held by the Italians. Austrian aeroplanes also have conducted a destructive attack on Brindisi the machines on their return trip standing fire from the Italian armored cruiser Marco Polo and counteracting the attack by machine gunning the crew of the warship crowded on the deck.

## TRAASMIT ORDERS TO WARSHIP AT SEA BY WIRELESS TELEPHONE

Navy Department is also in Touch With All of its Land Stations in Continental United States.

Washington, May 6.—Wireless telephone communication between the navy department and a warship at sea was established late today for the first time as part of a demonstration of the possibilities of wireless telephony. Simultaneously the department was in touch with all of its land stations in continental United States and gave orders verbally to the various commanders.

Until eight o'clock Monday morning all business between the navy department and the naval forces will be conducted largely by wireless telephony.

Send Orders Across Continent. San Diego, Cal., May 6.—Orders were transmitted across the continent by long distance telephone today direct from Rear-Admiral William Benson, chief of naval operations at his desk in Washington, to Rear-Admiral William F. Fullam of the Pacific reserve fleet, commander here.

The rapidity with which orders can be transmitted by telephone was indicated today when instructions were received at Point Loma in this manner from Washington and then flashed by wireless to the Cruiser Raleigh at Corinto, Nicaragua, within four minutes after the message had been filed at the national capital.

## FREE SEWING MACHINE DRAWING DREW CROWD

Lucky Number Was Held by Mrs. Maggie LaMaster.

A throng of several hundred surged in front of the furniture store of Andre & Andre yesterday afternoon to witness the drawing of the "Free" sewing machine.

This is a sewing machine for which the firm are agents and with the aid of the company efforts are being made to place it before the people.

For several days E. E. Harrison and Mr. and Mrs. W. W. McGinnis, factory representatives, have been at the store demonstrating the machine while at the same time coupons and tickets have been distributed for a drawing of a machine to take place yesterday afternoon.

A wagon from Woods' transfer barn was drawn up in front of the store and on it the machine and a chair from the Jacksonville Farm Supply Co. were placed. The drawing was in charge of R. B. Sackett, territory representative and J. M. Jenkins, who might be styled the orator of the occasion.

A short time before the drawing took place Mr. Jenkins mounted the platform wagon and discoursed about the machine. Then two ladies as a committee were selected from the assembly and a little girl who was blindfolded. The churn was closed and a wheel several times and then the little girl drew a number and Mrs. Maggie LaMaster, 1132 Allen Ave., proved to be the fortunate one and she was naturally much pleased over her good fortune.

### S. B. ALUMNI WILL GATHER FOR BI-ENNIAL MEETING

Graduates Will Assemble From Over the State for Two Day Session—Annual Concert Next Friday Evening.

Commencement week at the School for the Blind will have unusual interest this year because of the bi-ennial meeting of the alumni association of the school. The annual commencement exercises occur Tuesday, May 23, at 10:30 o'clock, with the principal address delivered by President Kern of the state board of administration. The two days immediately following the commencement exercises will be devoted to the meeting of the alumni association. George W. Gerlach is the president, Miss Francis Moon, vice president, R. W. Rodenberg secretary and William Heikes, treasurer. These officers, together with members of the committee, have made the plans for the bi-ennial sessions.

Wednesday morning, May 24, an informal reception will be held and social events will occupy the afternoon. In the evening a program will be given in the chapel of the institution. Thursday morning the business session will be held and possibly continue thru the afternoon. The session will close with a social dance in the gymnasium Thursday evening.

Another notable event of the commencement plans occurs this week, as the annual concert will be given by the music department in the chapel next Friday evening. The program has been arranged by Mrs. Helen McDougal James, head of the musical department and promises to be one of exceptional merit. The program will be as follows:

#### BIG SIGN AT THE

#### ANDRE & ANDRE STORE

The splendid electric sign at the Andre & Andre store was lighted Saturday night for the first time and was observed by hundreds of people. The sign is said to be the largest in this part of the state. At the base is the firm name in such large letters that they stretch nearly across the entire store front. Above are colored lights arranged in the form of drapery and reaching to the base and surrounding the whole the words "Trade here" appear in large letters. The monogram is also a part of the general design and is located at the center just a few feet above the firm name. The sign has a motor equipment so that the lights continually disappear and return, thus attracting even greater attention. The sign is a further evidence of the prosperity of the Andre & Andre house and indicates the strong belief of the firm in advertising.

#### COMMENT LITTLE ON NOTE.

Berne, May 6.—Via Paris.—The Swiss newspapers have commented little as yet on the German reply to the American note. The Bund says that the marrow of the question lies in the German reservation concerning the English blockade.

### SOCIAL EVENTS

#### Domestic Science Round Table Entertained.

Mrs. G. A. Sieber entertained the members of the Domestic Science Round Table at her home on Grove street Saturday afternoon. It was the last meeting of the year and the last at which Mrs. Ben Lurton, who has been president for two years presided. Mrs. Lurton during her two years as president has done splendid work and much has been accomplished during her administration of the club affairs. Officers were elected as follows:

President—Mrs. W. D. Doying.  
First vice president—Mrs. William Floreth.  
Second vice president—Mrs. John E. Knapp.

Secretary—Mrs. Herbert Capps.  
Treasurer—Mrs. Thomas Heaton.

During the afternoon a program was given which included a piano solo by Mrs. Homer H. Potter and a piano duet by Mrs. Ralph Hutchison and Miss Geraldine Sieber. The program was followed by a social hour and dainty refreshments were served.

The assistant hostesses were: Mrs. Bernard Gause, Mrs. J. I. Graham, Mrs. A. E. Hearn, Miss Laura Hayden, Miss Nettie Hayden, Mrs. E. G. Herald, Mrs. F. C. Noyes, Miss Jeanette Powell, Mrs. Eugenia Pyatt, Mrs. George Reaugh, Miss Faye Rodgers, Mrs. C. E. Scarlett, Mrs. Mildred Yingling, Mrs. Uriah Zigler, Mrs. Wallace Brockman, Mrs. George Bradley, Mrs. Byron Armstrong, Mrs. Charles Mathis and Mrs. E. L. Hill.

#### Gave Evening Party.

Miss Ella Eugenia Woodman entertained a company of girls and boys at her home, 1947 West State street, Saturday evening. The hours were from 7 to 9:30 o'clock and were spent very pleasantly with a dancing program. The refreshments served were in keeping with the other generous arrangements and the evening was one of great pleasure for all of the thirty present. The hostess was assisted in entertaining by her parents, Mr. and Mrs. U. G. Woodman, Miss Isabel Woodman and Miss Kathleen Stice.

#### Miss Berryman to Wed in June.

Mr. and Mrs. L. O. Berryman of Vandavia road announce the engagement of their daughter, Miss Golden Ethel Berryman, to Mr. Ralph O. von Thurn of Alma, Mich. The wedding will take place early in June.

#### Fifth Birthday of James Bristow.

Mrs. Frank W. Bristow entertained at a picnic luncheon Saturday evening in honor of the fifth birthday of her son, James Bristow. The event was held at Nichols park and in all respects proved highly enjoyable. There were present Andrew Rogers, Francis Cody, Willard Cody, Francis Frisch, Robert Frisch, William Blackburn and Helen Frances Bristow.

#### Standard Bearers

With Miss Olinger.  
Standard Bearers of Franklin M. E. church met Saturday afternoon with Miss Eunice Olinger for a profitable program and pleasant social hour. Miss Emma D. #### Morton School Pupils Surprised.

Pupils of the Morton school south-east of the city, were pleasantly surprised Friday by the mothers of the district and by their teacher, Miss Irma F. Kepler. The ice cream was furnished by Miss Kepler and the cake by the women of the district. Following were the visitors present: Mrs. Floyd Luckeman, Mrs. Sentney, Mrs. Moy, Mrs. Bacon, Miss Alta Dunlap and Mesdames Dunlap, Dowling, Perkins, Ross, Ornelas, Rawlings, Phillips, Thompson, Shige, Kepler, Pate, and Miss Maddox, Miss Percy, Miss Edwards, Miss G. Kepler, Miss Ellen Middendorf, Miss Amelia Middendorf, Miss Moore, Harry Thompson and Noel Boston.

#### Mrs. Brown Entertains.

Mrs. Walter Brown, 334 South Main street, was hostess Friday to a dozen friends who spent a pleasant evening playing games. Delightful refreshments were served.

MATHIS, KAMM & SHIBE SAY:  
You will be pleased with the handsome pumps we are now selling in white, gray, or champagne, washable kid; the price is four dollars.

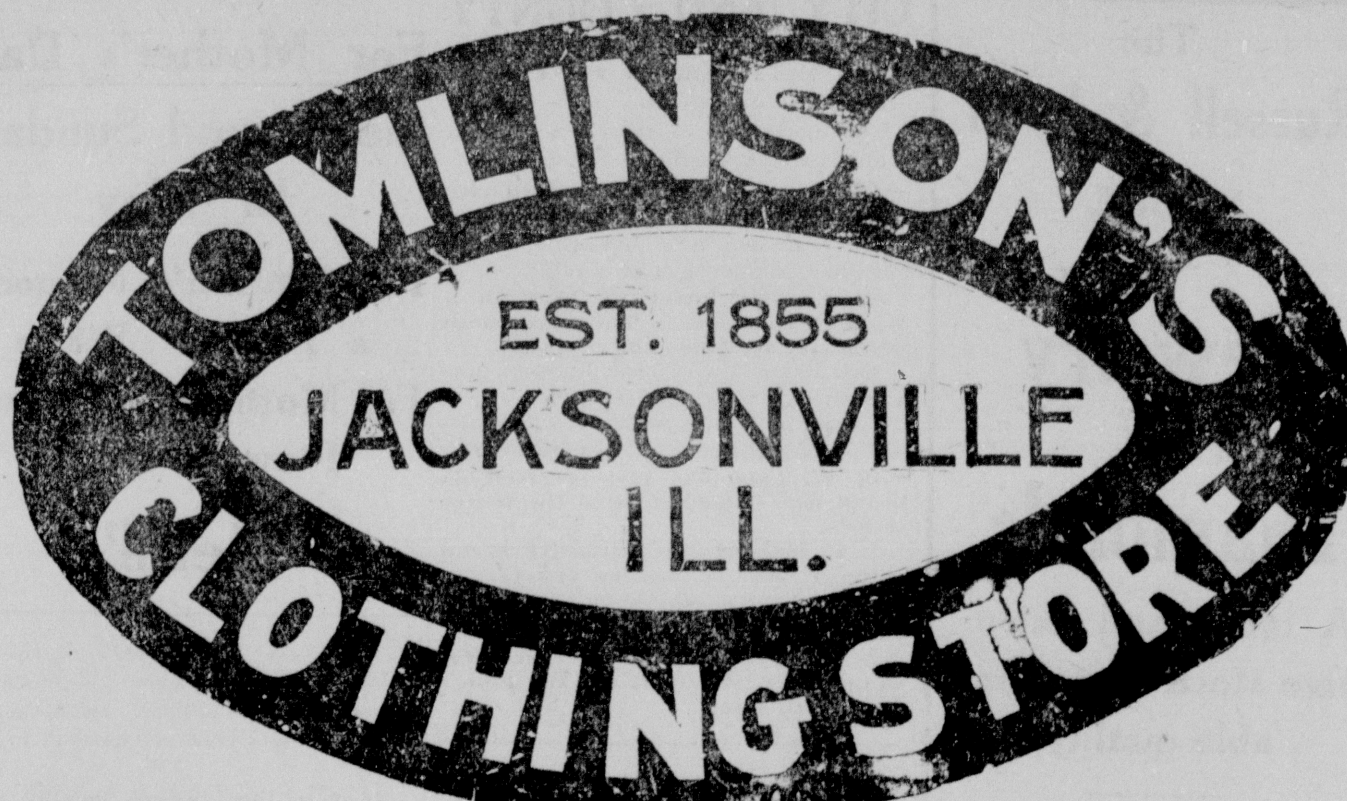

#### EDWARDS HERE TODAY.

The strong Edwards team will clash with Jacksonville at Nichols park this afternoon. Edwards has not been defeated this season and already has played several games. "Smoky" Bowen, the pitcher for Edwards, is considered one of the strongest hurlers in central Illinois. Two weeks ago he pitched seven innings and did not allow his opponents a hit and no runs. Last Sunday he shut out the Pekin Miners letting them down with three hits. It looks like Jacksonville will have to show the best of form to win. White will be on the rubber for Jacksonville and the lineup will be the same as a week ago.

Pearl, Green, Blue, Nutria, and most any shade of new style Soft Hats are shown by FRANK BYRNS Hat Store. \$2.50, \$3.50 or \$5.00.

## Seven Hundred Automobiles to be used by Delco-Light Salesmen

The "Delco," which has had such an important part in the automobile industry by being the pioneers in the making of starting, lighting and ignition equipment, have brought out a new product. The new product is Delco-light, an electric plant for farm, village and suburban homes.

They have created an entirely new organization to handle the new product, and over seven or eight hundred salesmen will each use an automobile to carry a new product for demonstration purposes right out into the field where it is to go.

Every owner of a Delco-equipped car who lives in the country will be interested in seeing a demonstration of this new plant. Delco-light can be disposed of by putting it in the basement or in an outbuilding just like Delco equipment is disposed of by putting it under the hood of the automobile and there it sets doing its duty day after day, as the automobile drivers know.

The new product is sure to be an epoch-making one in country places where they will soon be as used to turning a switch to secure light and perform all the little chores as they are now to pulling a button to start the automobile.

Mr. S. R. Hussey will represent this product thruout Morgan and Sangamon counties and will have permanent offices and display rooms in 300 East State street, opposite post office, where he will be very glad to demonstrate this plant to any one interested.

### VERDICT RETURNED BY JURY INVESTIGATING MC DONALD MURDER

Recommend that Woolery and Ross Be Held for the Crime—No New Evidence Saturday.

The coroner's jury in the investigation of the murder of Ralph McDonald met in the circuit court room Saturday morning and was in session until nearly noon. A number of witnesses were examined but served to throw little light on what is already known. The jury made every effort to locate "Chubby" Lewis, who was with Ross at Fred Griswold's house early Sunday morning. The sheriff sent deputies out after him but he was not to be found. It is the opinion of the jury that Lewis has left town.

After the examination of the witnesses Saturday morning, State's Attorney Hargrove asked the jury if they were ready to render a verdict. The members said they were. The retired to the jury room and brought out the following verdict:

#### The Verdict

"We, the jury, sworn to inquire into the death of Ralph McDonald, do find that he came to his death from a blow on the head and a stab in the right breast, blow and stab inflicted with instruments in the hands of Wood Woolery and Carl Ross. We further find that the said Wood Woolery and Carl Ross should be held to await the action of the grand jury, without bond. We also further urge that the mayor and the chief of police of the city of Jacksonville and the sheriff of Morgan county, at once clean out and close up the dives and bootlegging joints in the city of Jacksonville, where colored men congregate and get liquor, causing them to commit crimes such as this one, to the detriment of their race and the disgrace of the community."

(Signed)

Charles L. Starks, Foreman.

Sylvester Arbuckle.

Albert S. Moore.

William Jones.

James Mathews.

Sherman Spencer, Clerk.

At the hearing Saturday Richard Washington, who was in Frank Wright's hamburger stand Saturday night when McDonald was there was called. Also Mrs. Lou Ogden and John Salice, Washington's testimony did not throw much light on the affair. Salice was the man who was with two white men who went to Fred Griswold's house early Sunday evening looking for liquor. Salice said he did not know the men and that they disappeared when they saw the police coming.

Fred Griswold was again placed on the stand and asked about the report that he was seen running some bloody clothing. Nothing was gained from the examination. Jack Wright who also had been on the stand was again called. Wright told of Robinson telling him that "Tex" Woolery had gotten into trouble in Missouri and had been compelled to leave on account of it. Blaud anything.

John Eastey was called by State's Attorney Hargrove and testified that he had gone down on North West street with Romeo Brunum Sunday afternoon. Eastey said he was talking with a crowd when Ross came up. The conversation was about the murder of McDonald. According to Eastey, Ross got very nervous and weak and was compelled to lean against the fence. Eastey testified that he asked Ross if he was sick and Ross replied that he had been drinking rather heavily. Pearl Brown, John Stark and Charlie Jackson were also examined but did not know much about the affair.

#### BACK IN OLD JACKSONVILLE.

Mrs. T. L. Morris, of Quincy, Ill., is visiting her friend, Miss Lucy Barr, of West State street. Calling the lady Mrs. Morris may not be very luminous to her old acquaintances here. She was a school girl of the Jacksonville Female Academy, known as Miss Lillie Collins, daughter of the Hon. William H. Collins, one time proprietor of the Jacksonville Jackson—who changed its name to that from "Morgan Journal." The lady was baptised in the Congregational church here and President Sturtevant said her marriage ceremony.

Mrs. Morris has been taking in the musical festival of the week, and attended every session of the gathering—which is "going some" for a person from Quincy, even if they have enjoyed an education in Jacksonville.

Mrs. Morris' friends are glad to meet her and hope her "shadow" may never grow less, as it has not done since she left school here.

## ILLINOIS COLLEGE WINS LOOSELY PLAYED GAME

DEFEATS NORMAL BY SCORE OF 13 TO 2

Contest is Uninteresting After Fourth Inning — Locals Score Eight Runs in Fourth on Four Hits and Misplays.

In the opening game of the season on the local field Illinois College defeated Normal Saturday afternoon by a score of 13 to 2. The game was not interesting to view after the fourth inning. Up to that time Normal had a lead of one run. In the fourth Illinois by four hits bunched with misplays on the part of the visitors scored eight runs. The Illinois men batted clear around and three over, B. Whisler having the honor of making two runs in one inning. It surely was a comedy of errors and Normal threw the ball away so fast that it was impossible to keep track of the errors. Every man that got hold of the ball heaved it at some other player. The heave seldom connected and the result that the Illinois men became exhausted from galloping around the bases.

Despite the ragged playing on the part of Normal there were good features to the game from a baseball standpoint. In the first place Fanning for Illinois pitched a great game. He had something on the ball all the time. Normal was unable to solve his delivery and only gathered three hits. Two of these, one a double were made by Gillis, the pitcher. During the afternoon Fanning caused eleven men to take three heady swings at the atmosphere and go back to the water bucket. He walked one man and hit one.

Gillis did not pitch much and ball. He yielded nine hits in which a home run by Pierce and a double by Swain figured. Had the fielding been perfect behind him the score would have been 2 to 9 in favor of Illinois as the Blue and White squad only earned two runs and Normal did not earn either of her runs.

There were some bright spots in the fielding. Fanning had a busy day with seven assists. Pierce was the bright particular star, having six putouts to his credit. One of his catches was a beauty, a line drive in the second inning off of Lessing which he picked off his shoe strings. In fact the entire Illinois team played a good game. Reiller gave Fanning good support back of the run and the infield and outfield worked well. It looks like Harmon has one of the best teams in recent years. The men have lots of "pep" and when they get a few games under their belts they should make all of the little sixteen conference teams hustle to take the long end of the score.

For the visitors Jones, who he made several errors, tackled everything that came his way at third. Lessing played a good game for the visitors in center and Gillis in addition to his pitching was the only Normal man who seemed to be able to hit Fanning safely.

It would be almost impossible to tell how the runs were made. Normal scored one run in the second on Gillis' double, a sacrifice hit and a muffed third strike. The other run was made in the fifth on a fielder's choice, two stolen bases and a muffed fly.

Illinois did not score until the fourth. Then they made enough and some to spare. In this inning the Illinois men batted clear around and several over. Twelve men faced Gillis. Bryce Whisler made two hits and scored two runs in this inning. Swain came thru with a double and Daniels made an infield single. These hits coupled with errors and bonhead work by Normal allowed eight runs to go over. Illinois added one in the sixth on Pierce's circuit smash to center. Three errors and a single put one over in the seventh. In the eighth Illinois added three more on two batters hit, Apple's single and a wild throw by Walker. The score:

## MORTON'S SPEED PROVES TOO MUCH FOR CHICAGO

CLEVELAND WINS AGAIN FROM SOX.

Hitting by Smith, Graney and Wambagss Figure in Naps' Scoring—Chicago Gets Its One Run in the Ninth.

Chicago, May 6.—Guy Morton's speed was too much for Chicago batters when hits would have netted runs today, and Cleveland won again from the White Sox, 4 to 1, going into first place. Hitting by Smith, Graney and Wambagss figured in the Cleveland scoring, while the visitors added Morton with some sparkling work in the field. A poor throw by Speaker and three singles in the ninth gave Chicago its one run.

New York, 5; Boston, 4.

Boston, May 6.—New York defeated Boston 5 to 4 today in a game that might have gone into extra innings but for the fact that McNally, a pinch runner, was caught napping off second in the ninth after two were out. His retirement nipped a Red Sox rally, during which Markle was driven from the slab as well as Shawkey who relieved him. Foster started for Boston but quit at the end of the fifth. Pennington, who finished the game was effective.

## SHE'S THERE BECAUSE SHE PERFORMS— THE 3400 r. p. m. CHALMERS

Most cars start alike. But very few finish alike. Therein comes a mighty difference.

Step on the little button 10 months after date and you'll readily note the inequality.

One is sluggish, "dead", without emotion, and responds to the touch with the speed of old-time oxen responding to the lash.

The other is alive, alert, ready; radiates desire to plunge ahead.

This is the 3400 r. p. m. Chalmers kind. The other kind is the species known to the trade as "one-year" cars.

Chalmers makes a five-year car. There's many an old 1909 Chalmers 30 Blue Bird giving a good account of itself today. You'll find the everlasting pep there five years from the day you take your first turn at the wheel.

Largely because of the 3400 r. p. m. engine. Which delivers mighty power with easy effort.

It's mostly in the design. The pistons are aluminum, about two pounds lighter per piston; the reciprocating parts lighter, which eases up the thrust on the bearings.

Then the crank-shaft, which is very heavy, and balanced to the weight of a hair in a special Chalmers device, spins at the rate of 3400 revolutions per minute.

It means excellent reserve power. For at 10 miles an hour the engine is turning up only 500 r. p. m. while at 20 she is doing about 1000 r. p. m. So that at excessive road speed she has the punch to deliver when called upon.

16% of her power is used at 10 miles an hour. So that she has 60% to 84%—when a twisting, hilly road looms ahead, when a sharp corner with a rugged grade hoves in sight; when the man ahead is showing you too much dust.

You'll like the 3400 r. p. m. Chalmers for one single little reason. She sure can perform.

## A HUMANE SOCIETY.

Considerable interest is being manifested in the organization of a humane society in this city. For a long time such a matter has been under consideration and it is hoped that it will soon take definite form. Already good results from what has been done have been noted and it is but the beginning. There is no reason why Jacksonville should not have a good society and the Journal hopes one will be organized.

Miss Frances Hawey of Mattoon was a visitor in the city Saturday.

Mr. and Mrs. Richard Cox of Evansville were among the visitors in the city Saturday.

# PAIGE

The Standard of Value and Quality

In the earlier days of the automobile industry, wealth and social position traveled almost exclusively in the car which bore a foreign maker's name.

But times have changed — standards of value have changed—personal view points have changed.

People of wealth and social position still insist upon luxury and elegance in their motor cars. But, now, they also demand at least a fair return upon their motor car investment.

It is for this reason that the Paige, Fairfield "Six-46" has been so universally adopted by well-to-do people in all sections of the nation.

In beauty of line and design, this car rivals the most artistic productions of Europe. It is refreshingly distinctive, and embodies every convenience and luxury that a critical motorist could desire.

It is a big car, a powerful car, a comfortable car—and, withal, an economical car. It is literally and actually "the standard of Value and Quality."

The price—complete—is \$1295.

## Willard Reaches the Million Mark

On Saturday, April the 8th, the total production of automobile lighting and starting batteries by the Willard Storage Battery Company of Cleveland reached the total of one million. The production in the immense factor of this company has grown by leaps and bounds during the past year since completion of the new plant. The long experience of the Willard Company in manufacturing storage batteries is largely responsible for so many car builders making Willard their choice. That their judgment is good has been strongly evidenced by the year in and year out satisfaction reported by car owners.

This means satisfaction not only in the battery itself, but in the service which is afforded by over 725 Willard Service Stations. To increase this owner satisfaction, the Willard Company originated a unique plan of giving free inspection, once every month to any car owner, regardless of the battery he used. This plan has worked out very successfully and has been followed by a great many other storage battery manufacturers.

## Detroit Electric

Today more purchasers of the practical "all-year-round" cars buy Detroit Electrics than any other make, either of gasoline or electric type.

To the serious-minded seeker after the truth about motor car values this marked public preference for the Detroit Electric is significant.

For it means that the largest single group of the "all-year-round" buyers in America has reached the conclusion that the Detroit Electric is the car that offers the best investment.

Remember, there are enclosed automobiles lower in price than the Detroit Electric. And there are enclosed automobiles higher in price.

Yet far more buyers of the "all-year-round" type of car select Detroit Electrics than any other—either of higher or lower price, or of gasoline or electric type.

Evidently then, it is not price that has won for Detroit Electrics this place of prominence in the minds of critical motor car buyers.

It is the car itself—its quality—its performance—its visible, provable superiority—that has earned this overwhelming endorsement. Strong claims for Detroit Electric performance are easily proved by a practical road demonstration.

Remember—the Detroit Electric is a quality car at a moderate price

## CLARK COLE DEAD AT HOME IN CHICAGO

Remains to Be Brought Here Monday for Interment—Deceased Spent Boyhood Here.

A telegram was received Saturday by J. O. Priest announced the death of Clark Cole at his home in Chicago. The remains are to be brought to this city Monday morning and taken to the undertaking rooms of W. W. Gillham on West State street. The hour of the funeral there will be 10:30 o'clock and the services will be in charge of Matt Starr, post, G. A. R.

Mr. Cole was a son of the late David Cole and was born in this city, where he spent his young manhood and subsequently moved to Chicago where he has been a resident for about thirty years. He was a member of Company C of the 145th regiment, Illinois Infantry. This company was organized at Camp Butler, Springfield, and served for three months during the final year of the war. Mr. Cole was a printer and engraver, and was a man highly esteemed in the business world. He was married after he became a resident of Chicago and his wife and his son, William, have preceded him in death. He is survived by one son, Edward Cole, who is a successful business man in New York.

### CONSERVATORY NOTES

The State Music Teachers' Convention of the past week has been regularly attended by all the members of the faculty and a very large portion of the students of the Conservatory. Among the many events of musical importance was the lecture and song recital given by Mrs. Wilson on Wednesday morning, May 3rd. Mrs. Wilson was the recipient of most spontaneous enthusiastic applause and appreciation from visiting teachers.

The Chorus will hold its regular meeting Monday evening, May 8th, as usual, but will be dismissed earlier on account of the play given at the Illinois Woman's College.

Mrs. Wilson sang for the District Federation of Women's Clubs in Virginia last Thursday evening, May 4th.

Madame Justine Wegener, formerly instructor in voice in the Conservatory, was a visitor in Jacksonville during part of the Convention, renewing acquaintance with many old friends.

Mrs. Julian Hall sang for the Woman's Club in Verdin last Thursday evening, May 4th, giving two groups of songs. She also sang at two services on Easter Sunday, April 23rd.

## WALTER AYERS HAS SOUVENIR FROM INSURANCE CO.

Twenty Five Years of Friendly Relations With Long Established Company.

Twenty-five years as the agent for one company, a period during which the most cordial business relations have uninterruptedly existed, is the record between Walter Ayers and the Liverpool & London & Globe Insurance company. In recognition of this anniversary the company recently sent to Mr. Ayers a souvenir, as they put it, "in recognition of faithful and efficient service for the company during twenty-five years." The souvenir is a watch fob with gold pendant of handsome design and the letter which accompanied it, signed by officials of the company, asked that it be accepted not for its intrinsic value but because of the spirit that it represents.

Miss Eva Bayter of Woodson is visiting friends in the city.

## OLD FOLKS FIND A CHERRY FRIEND

A Boon to Those Who Have Started Down the Hill of Life.

So many of us have been seeking some really efficient remedy to give to our old folks who are treading in the long shadows of life. That remedy must contain the proper tonic qualities to revitalize sluggish organs and the blood.

That something has been found. It is Tanlac.

It is cowardly to let debility sap away the life and comforts when it can be stayed. A condition of debility never wears itself out. Instead, it gradually grows more pronounced unless proper measures to check it are taken. It gathers force and nourishes itself upon the tissues of the body. To build up those tissues is to fight debility.

Characteristic conditions of debility both in old and young are nervousness, headaches, backaches, depression of spirits, loss of appetite, sleeplessness and a general good-for-nothing feeling that comes from lack of energy.

Tanlac is designed to combat these conditions in many ways. It is a splendid tonic and tissue builder with just the right amount of proteids. It quiets nerves and brings back restful sleep, which is Nature's first aid to the debilitated. It corrects stomach troubles—and then in nine cases out of ten, you have the seat of a nervous, debilitating ailment.

With the body recharged with vigor, that detested, despondent feeling passes away so quickly that you are astonished and mighty regretful that you didn't start out to fight it long before.

Tanlac may now be obtained in Jacksonville, Ill., at Coover & Shreve's, where its great popularity is being better shown every day.—Adv.

## WOMAN'S COLLEGE NOTES

The presentation of the Shakespearean play, Much Ado About Nothing, by the Dramatic Club, promises to be one of the big events of the season. An extended announcement has already been made in the papers of the cast, giving interesting information about the affair. It is expected that a crowded house will witness the performance.

Hundreds of visitors have been at the College this week as the result of the Music Teachers' Convention. Among the visitors were Professor and Mrs. F. L. Stead, of Peoria, Professor Max L. Swarthout and Professor Donald M. Swarthout, of Decatur.

The reception given to the visiting officers and members of the State Federation of Music Teachers was a most delightful affair. Mrs. Harker was assisted in the receiving by the local reception committee, appointed by the Chamber of Commerce, and also by the officers of the State Federation and the members of the music faculty.

President Harker is attending the General Conference at Saratoga, New York, and writes most interestingly of the events that are taking place there. He expects to return a little after the middle of May.

The College was well represented by the concert given by the Minneapolis Orchestra. Over two hundred students and teachers and other connected with the school attended the afternoon and evening concerts. Most of these had regular tickets to the concerts given by the Music Teachers' Association.

Miss Hollinger, who is assistant in the Biology department, has created great interest among the students in identifying the native birds of this vicinity. She has already a record of nearly one hundred different birds who come to this part of Illinois.

The May Day Pageant will not be given this year until June, and it will be known as the Anniversary Pageant. The date set is the 3rd. This is done to enable the visiting alumnae and former students to have the pleasure of this event, which they would otherwise have missed, had it occurred at the regular time. Announcement will be made later of the nature of the Pageant.

## MANCHESTER.

Mrs. C. D. Chapman, Mrs. C. L. Leitz, Miss Ruby Shirley and G. D. Barnes attended the convention of Christian churches held in White Hall Thursday.

Guy Brown, wife and mother went to Jacksonville Friday morning.

E. L. Maine and daughter, Miss Lois, left on the early train Friday for Chicago where Miss Maine was to be married to Mr. Robert L. Rilling of that place. Following the marriage Mr. and Mrs. Rillings will go to housekeeping near Chicago.

Edward, 9 year old son of Mr. and Mrs. John Akers, was operated on Friday morning in Dr. Day's sanitarium for appendicitis. Dr. Weiss from here was also in attendance. Edward is getting along very satisfactorily at this time.

William Arendell was in Jacksonville Friday.

Glen Lakin, George Sloan, Norman Jasper and Orval Correa went to Jacksonville Friday to play in the interscholastic contest given there. There were 300 entries in the contest.

Miss Lucile Knox attended the musical given by the Symphony orchestra in the musical association in Jacksonville Friday.

Lee Spencer is in a very serious condition and not much hopes for his recovery.

Mrs. William Duncan and daughter Nellie were in White Hall Friday.

Mr. and Mrs. Albert Lemon were in Jacksonville Saturday.

Arrangements are being made for the annual alumni meeting to be held soon.

The two school directors recently elected to office refuse to qualify and serve the place and another election was called for Saturday afternoon, May 6.

Ernest Murray and son, James, were up from Roodhouse Saturday morning.

## THE ARCADIA SCHOOL.

Some Interesting Figures Regarding It. The Arcadia school has closed with a good record. Miss Bertha S. Hart has been the teacher five terms but did not seek reappointment. The directors are D. G. Henderson, Lewis Deatherage and E. L. Rexroat and they are good men. Friday a picnic was enjoyed, some 65 persons being present. All manner of good things were there to eat and the teacher treated the assembly to ice cream. A very pleasant time was enjoyed by all.

Twenty-one pupils were enrolled and during the eight months school year Everett Obermeyer, Eugene Rexroat, Paul Rexroat, Freddie Ravenscroft, Harry Vincent, Vernon Vincent and Pauline Henderson have not been absent nor tardy.

Neither absent nor tardy during April, Marjorie Stanley, Richard Thompson, Everett Obermeyer, Cecil Henderson, Eugene Rexroat, Paul Rexroat, Freddie Ravenscroft, Theodore Thompson, Irlan Thompson, Vernon Vincent, Floy Clark, Irene Rudisill and Florence Moore.

## CONVENTION OF AMERICAN FORUMS.

Buffalo, N. Y., May 6.—The third annual gathering of the Open Forum Council will open here tomorrow. This organization of social leaders who are working out the problems of real democracy in American cities is spreading out from coast to coast, and Canadian cities have joined enthusiastically in the movement. The older forums are all represented, such as the Ford Hall forum in Boston, and others in New York, Baltimore, Chicago, San Diego and Kewanee. A number of promising new forums will be represented or will send reports. These include Toledo, Kansas City, Portland, Me., Raymond, N. H., East Greenwich, R. I., and Montreal.

The opening meeting will be held tomorrow evening and the speaker will be Prof. Walter Rauschenbusch of Rochester, N. Y., whose topic is "The Old Religious Faith and the New Social Enthusiasm." The forum delegates will discuss all phases of their work on Monday and Tuesday.

### WOMAN WEAK, DIZZY, NERVOUS

Health Restored by Lydia E. Pinkham's Vegetable Compound.

Jamaica, N. Y.—"I suffered greatly with my head and with backache, was weak, dizzy, nervous, with hot flashes and felt very miserable, as I was irregular for two years. One day when I was feeling unusually bad my sister-in-law came in and said, 'I wish you would try Lydia E. Pinkham's Compound.' So I began taking it and I am now in good health and am cured. I took the Compound three times a day after meals, and on retiring at night. I always keep a bottle in the house."—Mrs. L. N. BURNHAM, 25 Globe Ave., Jamaica, N. Y.

Women who recover their health naturally tell others what helped them. Some write and allow their names and photographs to be published with testimonials. Many more tell their friends.

If you need a medicine for Women's Ailments, try Lydia E. Pinkham's Vegetable Compound. Write Lydia E. Pinkham Medicine Co. (confidential) for anything you need to know about these troubles.

### What to Do for Eczema

Greasy salves and ointments should not be applied if good clear skin is wanted. From any drugstore for 25c or \$1.00 for extra large size, get a bottle of Zemo. When applied as directed, it effectively removes eczema, quickly stops itching, and heals skin troubles, also sores, burns, wounds and chafing. It penetrates, cleanses and soothes. Zemo is dependable and inexpensive. Try it, as we believe nothing you have ever used is as effective and satisfying.

Zemo, Cleveland.

### What is Home Without an Heir!

And With This Thought Is the Knowledge of a Splendid Help to Expectant Mothers

This is a subject that has a place in all minds in all times. And it naturally directs thought as to the comfort of the mother during that wonderful period of expectancy. Mothers who know recommend "Mother's Friend." It is an external remedy for the stretching muscles, enables them to expand without undue strain, assists the organs to crowd against nerves, to pull at ligaments to thus avoid pain.

Thus restful days are assured, peaceful nights are experienced, morning sickness, headache, apprehension and other distresses are among the various things which women everywhere relate they entirely escaped by using "Mother's Friend." And by its effect upon the muscles the form is retained and they return to their natural, smooth contour after baby is born.

This is an interesting and valuable thing to remember. The skin is but a network of very small blood vessels and connective tissue and by keeping it well lubricated, firm and in strong, vigorous condition it will not get soft. And when the time has passed it will return to its natural shape without the seams and scars that are so liable to be the case if "Mother's Friend" is not used. Get a bottle of this invaluable aid to expectant mothers. Any drugstore will supply you. It is harmless but wonderfully effective.

Write to Bradfield Regulator Co., 813 Lamar Bldg., Atlanta, Ga., for a specially written guide book for women interested in the subject of maternity. It will prove an inspiration. It contains information that every woman should know all about. Write today.

We learn that the average mean temperature was about 49 degrees for April. This, the weather men say, was the same as the average for the last six years. It seemed to most of us that the temperature this year was just a little meaner than usual.

The Lord will provide but he expects us to help out a little.

John J. McGraw, the little Napoleon of baseball, seems to have met his Waterloo this season.

Dispatches tell us that Governor Dunne for the sixth time asked Sheriff White of Jackson county to give assurances that Elston Scott, the convicted murderer, would be hanged decently and for the sixth time Sheriff White has refused. This bit of comedy between the governor and the sheriff reminds us of the words of Marc Anthony in Julius Caesar wherein he says that thrice the crown was presented to Caesar and thrice he refused it. In the meantime the bit of comedy is averting a tragedy for Scott.

Anyway it is hard to convince a man who is going to figure as the principle in a hanging that there is anything decent about it.

## RIGGS BANK OFFICERS CONTEST PERJURY CHARGE

United States Treasury Fights Back in Washington Bank Row.

Washington, May 6.—The trial of the three officials of the famous Riggs National Bank who were indicted for perjury in connection with an affidavit concerning the relations of the bank with a defunct brokerage house, which document figured last June in the trial of the bank's suit against Treasury officials, is set for Monday morning in the Supreme Court of the District of Columbia. A long and bitter contest is anticipated, for the indicted men are prominent in financial circles and there is known to be considerable "bad blood" between them and the government attorneys who are prosecuting.

The men who face trial are Charles C. Glover, president of the Riggs Bank, William J. Flather, vice president, and H. H. Flather, formerly cashier of the bank. The indictment was returned on October 1, 1915, and since that time the accused bankers have been contesting for early trial. They have claimed that, as the bank's charter expired on July 1, the charges should be tried out before that time so that there would be no hold-up or hitch in the renewal of the charter.

Four indictments were returned against each of the officials of the bank, for "wilful and corrupt perjury against the form of the statute in such cases made and provided and against the peace of the United States."

The alleged perjury was committed during the trial last June of the bank's suit against the Secretary of the Treasury, the Comptroller of the Currency and the Treasurer of the United States. The three officials signed an affidavit which asserted that the bank never at any time bought or sold stock thru or from the firm of Lewis, Johnson & Co.

The bank's affidavit which brought the perjury charge was the subject of bitter comment at the trial last June, both by counsel for the government officials and by Justice McCoy of the District Supreme Court.

The court asserted that the affidavit was undoubtedly misleading. Attorneys for the bank at that time explained that the affidavit was true as the bank's officers still insist, and that it applied only to transactions by the bank as such, and was not intended to deny what was of common knowledge, that the bank's customers, traded thru the brokerage house. A former book-keeper of the brokerage house, who swore that he was familiar with the bank's transactions with the company, testified that the books carried the bank's account for 164 pages, with more than 6,000 transactions on the bank's behalf.

The perjury case is an aftermath of the sensational suit brought in April, 1915, by the Riggs bank against the treasury officials, charging those officials with conspiracy to wreck the bank. The bank sought to restrain the officials from "further persecution." The charge was made in the trial in June that the bank had been speculating in stocks. The bank officers met the charge flatly.

The bank charged that the treasury officials had conspired to withdraw public deposits from the Riggs bank, to make extraordinary demands for special reports, and finally by imposing a fine of \$5,000 upon the bank for failure to make a certain report called for by the Comptroller.

The Riggs bank has been one of the strongest financial institutions in the United States. It was closely allied with the National City bank of New York. Early in the present administration, Secretary McAdoo and the Riggs bank clashed. The Treasury department claimed that investigation of the bank showed irregularities and unlawful practices on the part of certain officers of the bank. Comptroller Williams is said to have referred to the bank in a letter as "a brokerage shop." It was charged that almost a million dollars were loaned by the bank to women on stocks and other securities, which had been bought for these women by officers of the bank.

In the trial of the action brought by the Riggs bank against the treasury officials, Justice McCoy acquitted the officials of conspiracy and scored the bank for violations.

ILLINOIS COLLEGE NOTES  
Mr. and Mrs. W. P. Green of Ravenna, Ohio, have been the guests of Professor and Mrs. D. C. Clark the past week.

Mr. Fred G. Buft, ex '03, Publicity Manager of the Illinois Traction System, Peoria, Illinois, was in the city on Friday and attended the interscholastic meet.

Mr. Leo C. Clowes, '12, of Hinsdale brought his team 233 miles in order to attend the interscholastic meet. His chief contestant was the middle distance runner, who was successful in gaining four points.

## THE FLY'S DIRTY FEET

The fly's feet are dirty. You wouldn't think of letting anyone with dirty shoes track up your house. You'd make him clean them off first, outside. The fly doesn't wear shoes, moreover, he doesn't care what you want, and he's too little to whip! But he can walk in your breakfast. He does walk in your breakfast—and your dinner and your supper and around the rim of your milk bottle. And the filth from his feet is left on your food.

Thru the long winter the house fly has been hibernating in the cracks in the floor, under the snow piles in the streets, beneath the garbage heaps that inefficient city governments allow to collect on the outskirts and vacant lots.

The first warm days awaken the fly and start him on his travels. Naturally, after a long fast, his first thought is food and the best places to find food suitable to his needs are the kitchen and corner grocery stores.

To these he journeys, therefore, pausing on the way to alight on the clothing and the face of every human being he meets in his travels.

The fly is a very unclean insect. He prefers filth to any surroundings and filth that breeds disease and swarms with germs and disease.

In the winter quarters selected by the fly are billions of germs and these, either active or dormant, naught to transfer themselves to the fly in very large numbers, and to travel forth with him when he begins his spring wanderings.

The assortment is always very complete. There are scarlet fever germs, diphtheria germs, measles germs, chicken pox germs, and the germs of infantile paralysis and cerebro-spinal meningitis, besides many that are less dangerous, on many feet and antennae of every fly that comes out of his hiding place in the spring.

Millions of those germs will never harm anybody. They will be brushed off on the ground, killed by the oxygen in the air, swept away in the sewers to the ocean. But other millions of them will be deposited by the fly on the lips or on the fingers of babies and children and adults, and under conditions favorable for the propagation of disease they will colonize and begin the kind of destruction of tissue that characterizes the particular form of disease that they spread.

More people are killed by flies in America than by railroads, automobiles and bullets put together. Indeed, a war in which the death list from wounds was comparable to the death list piled up thru the agency of flies would be a dreadful war. But automobiles and railroad fatalities are accidental, and war casualties are due to a flaming up of human passions which cannot be cooled in a few days.

The destruction by flies is absolutely preventable. Kill the flies; exterminate them utterly, and you will do the next best thing to muzzling all the deadly disease germs.

The spring is the time to begin the warfare on the fly. The first thing to do is to keep them out of the house, by carefully screening the windows, and by destroying quickly all those that manage to get in thru opened doors.

The next thing—and this is highly important—is to cut off their base of supplies at the grocery stores. The grocer can do that and he will do it if you insist upon it. Make him keep covered by screens everything he sells that a fly will eat—cheese—products of every kind that are sold by bulk.

HERPICIDE WILL SAVE IT

GONE!!!  
TOO LATE FOR HERPICIDE

That dandruff is of microbic origin and hence a highly contagious disease is now pretty thoroughly established by science. If the hair is dry, brittle, lifeless, or it may even be exclusively oily, look out for dandruff. In the final stages of the disease the scalp is hot, feverish, and itches and the hair comes out. This loss of hair may be slight at first but should nevertheless be regarded with the utmost apprehension.

## Newbro's Herpicide

CHECKS—DANDRUFF—ACCUMULATION

The first application will convince the most skeptical that NEWBRO'S HERPICIDE is the best remedy for the scalp that can be found. Many other preparations claim to be like Herpicide, but why not get the original and genuine. It costs no more and you are sure of results. The freedom of the scalp from dandruff and the increased life, luster and luxuriance of the hair will testify to the merits of NEWBRO'S HERPICIDE. Begin the use of Herpicide now and see how quickly your friends will notice and remark upon the improved appearance of your hair. Nothing will improve one's looks more or do it more quickly than the intelligent use of this time tried scalp prophylactic—NEWBRO'S HERPICIDE. The odor is exquisite and it stops itching of the scalp almost instantly.

### FURTHER SUBSTANTIAL GAINS ARE REGISTERED BY SECURITIES

Plainly Implies Belief That Washington Will Accept Germany's Latest Pledge.

New York, May 6.—Further substantial gains registered by securities today plainly implied a widespread belief on the part of conservative as well as speculative interests that Washington would accept Germany's latest pledge and that the long pending crisis had been averted. Trading was on a large and broad scale albeit it centered largely around the Mexican, Motors, shipping issues and munitions, more or less in the order named. The Mexican division was stirred into renewed activity and strength on advices suggesting a lessening of the tension in the Mexican situation. Mexican Petroleum in which the overturn was enormous, made an extreme gain of 6½ points to 107½ and Texas company rose 7½ to 191½ with almost 3 for American Smelting and more than 2 for California petroleum. Automobile issues claimed attention from the outset, the 3 to 5 point gains in Maxwells, Willows-Overland, Studebaker and allied shares resulting partly from rumors of a forthcoming consolidation of leading motor interests, although these were later officially denied. Shipping shares were conspicuous throughout and Crucible and Lackawanna Steels led the recognized war shares at 3 to 4 points advances, with considerable activity and strength in American and Baldwin Locomotives, New York Airbrake and Studebaker and Westinghouse. Reading featured a belated rise in rails, that division, together with United States Steel, moving forward in the later dealings, the market closing with an impressive manifestation of strength. Total sales of stocks were 575,000 shares.

### CROP DAMAGE FROM GREEN BUGS AND HESSIAN FLY LIFT WHEAT

Market Closes Strong at 2½ to 2½ Cents Net Higher—Corn and Oats Gain.

Chicago, May 6.—Crop damage from green bugs and Hessian fly took first place today in the attention of the wheat trade. Largely as a result prices closed strong, 2½ to 2½c net higher, with May at \$1.14½ and July at \$1.16. Corn gained ¾ to 1½c; oats, ¾ to 1c, and provisions 5 to 22½c.

In the later trading the Kansas crop situation became more and more a dominating influence. It was said an exceptionally cool, wet season would be required to offset the fly attack. Dry weather complaints were numerous, meanwhile from Nebraska, and there was consequent discussion in regard to plowing up wheat and planting corn. Plowing up wheat land in Kansas appeared to be even now in progress to a serious degree. In connection with the crop outlook as a whole, forecasts of the government report Monday suggested a yield of winter wheat of 155,000,000 bushels under last year's total.

Corn and oats rose in sympathy with wheat. For the most part trading in corn was of a local character. Oats were helped upward by a lively shipping demand here and at Milwaukee.

Provisions derived strength from buying ascribed to packers. Late weakness in the hog market had little if any effect.

#### NEW STORE FRONT

The new front in the Russell & Thompson jewelry store is not quite complete but is far enough along to reveal what a splendid change has been made. The front is of the finest plate glass with copper frame work, on a base of beautiful verde antique marble. This marble is of the finest kind quarried and is of a quality and finish which will stand the weather without deterioration. The front adds very materially to the appearance of the store and the windows afford a splendid opportunity for the display of goods.

# Regarding the Proposed Bond Issue

A two-mill tax will raise the annual payments on the bonds, which would mean a tax net to exceed \$2.00 per annum on a \$3,000.00 assessment, or \$1.00 on a \$1,500.00 assessment, house or property. It will be the means of giving us absolutely pure water and better lighted streets than we have now. On a \$5,000.00 assessed valuation, the tax would be less than one cent per day. For example: \$3,000.00 on full assessed valuation, one third of which, \$1,000.00 is the assessed valuation upon which the taxes are extended. A two-mill tax thereon would produce \$2.00 taxes, about a half a cent per day.

The adoption of the Bond Issue will permanently establish the Light and Power Plant, so the city can sell commercial lighting if the public desires to do so. It would give us an Electric Plant of at least 900 horse power, total. This would enable the city to sell current or the consumers to obtain electric current at a more reasonable rate than we have now.

Has it occurred to you how steadily our street lighting system is running, with no interruption. Our Water Department is just as constant; except that we are compelled, from lack of proper equipment at the North End Pumping Station, to pump quite often from the creek at the South End Pumping Station. The Bond Issue will allow us to soon close this plant entirely.

Entirely new street wiring is a necessity to properly safeguard us from electric shocks and short circuits. When we get our city lines renewed with properly insulated wires, we then can demand with good grace, that all electric over-head wires be properly insulated by being replaced with new wires.

The adoption of this Bond Issue means renewed life and vigor to the people and the City of Jacksonville; it is the way and means, easily and with

the least burden upon the community at large, to promptly and properly adjust the various back claims and demands against the city.

It will insure pure water and all we need.

It will insure better and more street lighting.

It will reduce operating expenses practically enough to meet the annual payments on the bonds.

It will make the water tower pressure available so all will have proper service.

It will reduce the city's interest budget, because the general taxes and receipts could be used to quickly pay off the floating indebtedness and the improvement on paving and sewer bond deficit of \$22,000.00.

It will save the city the embarrassment of being sued on this deficit, which is long past due, and which by special request has been carried by the owners to July, 1916, at which time we, your commissioners, hope to be able to properly arrange to take them up and thereby save the city's credit.

It will enable the City of Jacksonville to properly install, improve and equip completely, at one time, a complete and sufficient Water Supply System, including mains, wells, pumps, water tower, reservoir and motors; a complete new street line and wires, and a 500 horse power and 350 K. W. direct connected generating unit, housed in fire-proof buildings at the Power House and Pumping Stations.

It will enable the citizens of Jacksonville to enjoy these good things, while they are alive and can enjoy them, instead of leaving all this pleasure to their beneficiaries. It is just like renting a good house—you simply pay for the benefit you receive annually, as you enjoy the same.

## The Estimated Cost Is as Follows:

Two 24-inch shutter screens, deep well, direct connected, rotary pumps at North End Station	\$ 10,000.00
One large receiving reservoir at North Station	3,000.00
Two miles of 10-inch cast iron water main on Allen, Walnut and Diamond streets to West State street	15,000.00
Water tower at West Reservoir and motor driven rotary pump and reconnecting pipe line west of Park street to connect to water tower	5,000.00
One 2,000,000 gallon rotary, direct connected pump at South Station, setting and connecting same	3,500.00
(This pump to be moved to North Pumping Station when desired)	
One 500 horse power engine, equipment connected direct to 350 K. W. generator	42,000.00
New street; line; wiring and extending same to West Reservoir, North Pumping and South Pumping Stations, and to Parks	10,000.00
Fire-proof buildings for engine and generators at Power Plant and at North Pumping Station	5,500.00
	\$100,000.00

## Estimated Savings That Will Be Made in Operating the New Equipment Over the Present Equipment:

The adoption of the Bond Issue will enable the city to at once install two combined chemical and pumping motor fire trucks (and pay for them out of the general taxes) which will reduce the operating expense of the Fire Department \$2,500.00 per annum; and will enable the department to get to all fires quicker, which will secure for Jacksonville a lower rate of fire insurance.

The placing of an electric-driven rotary pump at the South Pumping Station will save at least \$3,500 per annum, by closing down the steam part that is there now.

The City Power Plant at present is producing each twenty-four hours, for pumping and street lighting, an average of 4,400 K. W. hours. This continuous load for 365 days in the year is an excellent foundation upon which to base its operations and guarantees a profitable operation. The engine we propose to install is guaranteed to save in fuel cost alone, on the present load of 4,400 K. W. hours, at least \$5,000.00 per annum.

The laying of the 10-inch water main over Allen, Walnut and Diamond streets to West State street, in addition to the mains we have now from the

North Pumping Station, will be the means of a large saving in operating expense, by the reduced friction head and water pressure caused by the enlargement of the mains' capacity.

The engine we propose to install for the city, is guaranteed to produce current for a fuel cost of six mills per K. W. hour. We could sell current at a good profit, for seven to eight cents per K. W. hour, and lower on a sliding scale.

The above estimates have been carefully gone over and prices submitted on the different articles and equipments. It will require every dollar of the Bond Issue to install and equip this system and every dollar will be spent for this purpose. After the Bond Issue has carried, it will require months of time to properly advertise for bids on the different items and then to receive an install the same. It would take possibly a year before all this work would be completed. It means lots of hard work and painstaking care; but we will be glad to undertake it and give it our best service, for your benefit.

We, your commissioners, recommend the adoption of the foregoing Bond Issue by your majority vote.

### DONALD JOY NOW AGENT FOR MITCHELL AUTOMOBILES

Takes Agency for Car of High Standard Sold at Popular Price—Mitchell Has Many Morgan County Drivers.

Donald Joy has just taken the agency for the Mitchell car in Morgan county and is now driving the 1914 model. The Mitchell is one of the best known cars on the market and perhaps was more largely represented by owners in Morgan county two or three years ago than any other car. Mr. Joy has had several years' experience as a salesman and decided on the Mitchell as a car of high class which will meet the general demand in a community like Morgan county. The new 1914 Mitchell sells at \$1325 and there is nothing in desirable automobile construction which this year's model does not include.

CONCORD SCHOOL PICNIC  
The Concord schools closed on Friday and the teachers, Miss Gertrude Stainforth and Mrs. Ella Coultas, gave a picnic dinner to the pupils and their parents. The dinner consisted of all kinds of sandwiches, pickles, salad, ice cream and cake. A jolly good time was had by the 107 present.

Minister L. M. Mullikin represented the Concord Christian church Thursday at the meeting of the Christian churches of the 5th missionary district of the state. He reported a fine time and that steps were taken to form an organization for Morgan county.

Cleon McConnell and family will move to Arencville next week. Elmer Plank and J. E. Whorton drove to Versailles and back Friday on business.

W. F. Nergenh was a Jacksonville visitor on Saturday.

C. E. Newton is having an enclosed porch added to the front of his house, which will be quite an improvement. G. F. Lewis is the builder.

Mrs. Mary A. Hamm and John Mick were Jacksonville callers Saturday afternoon.

### SOME NOTABLE BIRTH-DAYS TODAY

May 7

The Earl of Rosebery, former Prime Minister of Great Britain, who has had much to do with the advancement of popular measures in the British Empire during the past thirty years, is 69 years old today. For the first time since the breaking out of the European war, he occupied his seat last week in the House of Lords. Thirty years ago he was fighting for the acquisition of the lands by tenants, free education and colonial federation. He has always been one of the people, and he studied each segment in their lives and conditions surrounding them. Lord Rosebery was born on May 7, 1847, and succeeded his grandfather, the fourth Earl in 1868. He married the daughter of Baron Rothschild, and they had two sons and two daughters. Lord Rosebery received his education at Eton and Oxford, and at 25 began his public life. He was under secretary of the Home Office, and in 1885 was made Commissioner of Works. In 1886 he was Secretary for Foreign Affairs, and later, from

1892 to 1894 held the office again. He then became Prime Minister. Lord Rosebery has contributed much to literature, including studies of Pitt, Peel, Shatham and Napoleon. He has long been identified with education in Scotland, and has been Lord Rector of the universities at Edinburgh, Aberdeen and Glasgow.

Hon. Joseph G. Cannon, former Speaker of the House of Representatives, 80 years old today.

Brig. Gen. Albert L. Mills, Chief of Division of Militia Affairs, U. S. A., 62 years old today.

Coach Huber's Men Will Compete for Honors in Track at Champaign Saturday.

Jacksonville's track team will be represented at the University of Illinois track and field meet. Coach Huber will take the following men: Carl Spencer, Homer Reynolds, Howard Reynolds, Edward Tomlinson, Russell Hull, John Claus, Dallas Hogan, Clyde Hembrough, and A. King. The meet will be held at Champaign, Saturday, May 13.

The men will take part in the following events:

50 yard dash—King.  
220 yard dash—Homer Reynolds.  
440 yard dash—Spencer and Claus.  
880 yard run—Hembrough and Howard Reynolds.

220 and 120 yard hurdles—Tomlinson and Hull.

Running broad jump—Homer Reynolds.

1 mile run—Hogan.

Regarding the meet the Daily Illini of Saturday says:

"Six hundred seventy-five athletes, the stars of high schools and academies of Illinois and adjoining states, are entered in the interscholastic meet this year. More entries are expected and the final list may reach seven hundred."

"Among the entries are the names of several men who performed creditably on Illinois field last year. Lander, the sensational pole vaulter and broad jumper from Oregon High school, will compete again this year. Fey, of LaGrange won the hurdles last year, and is billed for a repeat this time."

"Springfield will be represented by two good men. Ellison is pole vaulting around 11 feet 6 inches. Dunne gave a good exhibition in the dashes and discus last year and is said to be working well now. Deatur's best bet is a sprinter by the name of Powers."

"During the past year, many of the coming contestants have been establishing enviable records. Sherman Landers and Frank Loomis of Oregon, Illinois landed first place with 43 points in the Bradley Polytech meet in a field of 200 athletes. Landers captured the 50, 100, pole vault and broad jump and took second in the 220. Loomis won the 220 hurdles, 440 and secured second in the 50 and third in the broad jump."

"Lewis of Crane Tech took high honors in the Evanston Y. M. C. A. indoor meet. He won the standing broad jump with 10 feet, one half inch. Butler of Hyde Park won the 50 yard dash in :03 4-5. Russell of Crane won the mile in 4:51. McConley of Crane Tech won the 50 yard low hurdles in :06 3-5. The high jump went to Tate of Ogden Park with 5 feet 8 inches."

"Walker and Geer of Austin High School have won the 50 and 880, respectively. Schwartz of McKinley puts the shot well over 37 feet."

"Cuthbertson of Harrisburg, who took first in the 440 last year, is doing fast time around 52. The Dorris brothers from the same place are doing winning work. T. Dorris broad jumping well over 22 feet."

"Lackey of Centralia and Rodden of Salem are doing the 100 in 10 flat."

"Hunt of Evanston won the 50 in a triangle meet in :05 4-5. Snyder of Austin won the 50 low hurdles in :07 1-5."

"The contesting schools will be divided into three classes this year. Class A will include high schools having an attendance of 400 or over, within the state. Class B will be made up of high schools having less than 400 pupils. Class C will include academies within the state and high schools and academies from outside of the state."

"Preliminaries in several events of the Class B contest will be run off Friday afternoon between the events of the Illinois-Chicago dual track meet. The remainder of the events will take place Saturday forenoon and afternoon."

"The prizes will correspond to those offered in previous years, except that there will be enough more to accommodate the addition of the third class. The University of Illinois Athletic Association will award gold medals for first place in each event, gold and silver medals for second place, silver medals for third, and bronze for fourth. These medals will be duplicated in each class. The Gulick tailoring company will give a championship banner to the winning school in each class and a banner to the winner of each event."

"The Ma-wan-da cup will be given to the individual star of the meet. This does not necessarily mean the man who secures the greatest number of points. The judges in awarding the cup will be G. Huff, Harry Gill, and Martin Delaney."

## REV. E. B. LANDIS WILL BE INSTALLED TUESDAY NIGHT

Arrangements Made at Recent Presbyterian Meeting for Service at Westminster.

As already announced, the installation services of Rev. Edward B. Landis, P. H. D., as pastor of Westminster church will take place Tuesday evening, May 9. A number of ministers will take part in the services, in accordance with the arrangements made at the recent meeting of the presbytery. Dr. A. B. Morey will read the scripture lesson and offer prayer. The constitutional questions will be asked by Rev. W. E. Spooner. The sermon will be preached by Rev. J. W. McDonald of Decatur. The charge to the pastor will be by Dr. S. M. Morton of Taylorville and the charge to the people will be by Rev. Mr. Spooner.

The following day Rev. Josephus Latham will be installed as pastor of the Presbyterian church at Woodson. The same ministers will take part in this installation with the exception that Rev. Mr. Landis will take the place of Dr. McDonald.

IT WILL STILL BE CHEAP.  
Gasoline may go to forty cents a gallon and yet you can drive your Ford car for less than two cents a mile. Play the part of the wise man; buy a Ford car and laugh at the upkeep.

C. N. Priest, the Ford Man.

## Healthful Footwear for Children

### NATURE SHAPED SHOES

You should be very much concerned about the kind of footwear that is slipped upon your child's foot. So much of the after life foot trouble is caused by misfit footwear early in life. Now is the time to be careful, trust those little feet to people who know and care, and who have large assortments to fit the child's foot properly.

We are showing a nice assortment of slipper styles, just right for the warm days of spring. Bring the little feet to us, we know what they need and have the kind they should have. Footwear for children that is right. Prices always right.

### MISS MARY Z. CANNON WEDS E. L. GRISWOLD OF WICHITA, KAN.

Former Jacksonville Resident Married  
Wednesday Evening at Home of Bride  
in Wichita.

A. W. Ellicock has received a recent  
Wichita, Kans., Eagle, telling of the  
marriage of Miss Mary Z. Cannon, formerly  
of this City and Earl L. Griswold  
of Wichita. The account follows:

"A wedding which comes as a surprise  
to all except the very close friends was  
that of Miss Mary Z. Cannon and Earl  
L. Griswold, which was solemnized at  
8 o'clock on Wednesday evening, May  
3, at the home of the bride's parents,  
Mr. and Mrs. J. H. Cannon of 1005 East  
First street. The announcement of this  
marriage has not been made, as the  
date was originally set for some time in  
the fall, but two weeks ago the plans  
were changed and the date was set for  
May 3rd. Preceding the ceremony Miss  
Celia Cannon, who is a sister of the  
bride, sang "O Promise Me" by Koven  
and during the ceremony Miss Ruth  
Walden, a school friend of the bride's,  
played "O Perfect Day" by Carrie  
Jacobs Bend. The service was performed  
by Reverend Guy Livingston Brown,  
before the altar, Miss Cannon was at-  
tended by her sister, Miss Celia Can-  
non and Mr. John Barker was Mr. Gris-  
wold's best man. The color note was  
black and white which is so much used  
this season. The bride's gown was of  
black and white tulle with a bodice of  
dove tone Georgette crepe. She carried  
an arm bouquet of bride's roses and  
lilies of the valley. Miss Celia Cannon  
who was maid of honor wore black and  
white tulle with a Peter pan blouse  
fashioned of crepe de chene.

"Mrs. Griswold was one of Wichita's  
charming girls and graduated from the  
Wichita High school with the class of  
1914, and the announcement of her wed-  
ding will interest many. Mr. Griswold  
came to Wichita five years ago and is  
with the National Refining Co. of this  
city. Mr. and Mrs. Griswold will be  
at home to their friends after May 10th  
at 221 East Waterman."

### CORPORATION ELECTRIC LIGHT RATES GIVE INTERESTING STUDY

Compilation Made by Kansas City Coun-  
cil Committee Shows Rates Charged  
by Municipal and Privately Owned  
Plants.

A compilation of electric light and  
power rates prepared by the lower house  
of the Kansas City, Mo., city council  
has been published and gives a vast  
amount of interesting information con-  
cerning the cost of electric light. The  
investigation covered data from seven  
municipal plants and seventeen private-  
ly owned plants, and the average prices  
charged to consumers from these plants  
are compared with the prices which are  
charged in Kansas City. The investiga-  
tion concerned particularly rates for  
residences and the average results were  
as follows: 7 municipal plants 5.35c per  
kilowatt hour; seventeen private com-  
pany plants 8.64c per kilowatt hour;  
Kansas City, Mo., plant 9.9c per kilo-  
watt hour.

The maximum residential rates charged  
by municipal plants are as follows:  
Joplin, Mo., 8c.  
Tacoma, Wash., 5c.  
Pasadena, Calif., 5c.  
Cleveland, Ohio, 3c.  
Lincoln, Neb., 5c, plus 50c fixed charge.  
Seattle, Wash., 5 1-2c.  
Kansas City, Kans., 6c.

The minimum residential rates in five  
of these plants where such rates are  
maintained were Joplin, Mo., 5c; Pa-  
sadena, Cal., 3c; Cleveland, Ohio, six mills;  
Seattle, Wash., 2c; Kansas City, Kans.,  
6c.

Power rates are quoted only in a part  
of the municipal plants. The maximum  
rate charged in Joplin, Mo., is 8c; Pa-  
sadena, California, 4c; Seattle, Wash.,  
3 1-2c. The minimum power rates charged  
are as follows, Joplin, 2 1-2c; Tacoma,  
Wash., 4 1-2c; Pasadena, Cal., 1 1-2c;  
Seattle, Wash., 1-2c. The net revenues  
from municipal plants are quoted as fol-  
lows: Tacoma, \$322,000; Pasadena, \$92,  
450; Cleveland, \$57,000; Seattle, \$310,  
000; Kansas City, Kans., \$22,500. The  
maximum net residential rates charged  
by seventeen private companies are as  
follows:

Joplin, Mo., 8c.  
Wichita, Kans., 10c.  
Omaha, Neb., 8c.  
Denver, Colo., 8.55c.  
Louisville, Ky., 7.6c.  
St. Paul, Minn., 9.9c.  
Minneapolis, Minn., 8.07c.  
Little Rock, Ark., 10c.  
Cincinnati, O., 9.5c.  
Chicago, 10c.  
Springfield, Mo., 10c.  
Grand Rapids, Mich., 8c.  
New Orleans, La., 7c.  
Los Angeles, Cal., 5.4c.  
Birmingham, Ala., 9c.  
Buffalo, N. Y., 8c.  
Kansas City, Mo., 9.9c.

In these cities the minimum commis-  
sion rate charged is Wichita 4c; Omaha  
1.65c; Denver, .945c; St. Paul, .655c;  
Minneapolis, .94; Cincinnati, .949; Chi-  
cago, .93; Springfield, .935; New Orleans  
25c for meter, plus .94; Los Angeles,  
.921. In only two of the cities named  
are the rates fixed by ordinance. These  
cities are Louisville, Ky., and Los An-  
geles, Cal.

### MRS. M. J. BUTLER IS FLEECE BY YOUNG MEN WITH CONFIDENCE GAME

Helped Them in Alleged Effort to  
Change \$1,000 Bill and is Minus  
\$269.

Mrs. Mary J. Butler, of 1/2 East side  
square, is out \$269 as a result of the  
deception of two young colored men  
of good appearance, one of whom  
represented that he had found a  
\$1,000 bill and wished to get it  
changed upon short notice. The po-  
lice were notified of the trick Sat-  
urday forenoon and every effort was  
made to apprehend the culprits, who  
evidently had made good their es-  
cape. One of the men claimed that  
his landlord was pushing him for  
payment. A confederate, by a cle-  
ver ruse, prevailed upon Mrs. Butler  
to hand over her money for a short  
time in order to make the change  
desired. Once away from the room,  
the promoter of this brand of ge-  
neric-quick scheme, did not allow  
himself again to be seen.

### FUNERAL SERVICES HELD FOR LATE ISAAC HALEY

Many Gathered to Honor His Mem-  
ory Saturday—Bearers Were All  
Fellow Workers.

The funeral of the late Isaac Ha-  
ley was held at the residence, 409  
Hardin avenue, Saturday afternoon  
at 3 o'clock. The services were in  
charge of Rev. Percy W. Stephens,  
pastor of First Baptist church, of  
which the deceased was a member.  
Rev. Mr. Stephens took as his text  
First Corinthians, chapter 2: 9-10.  
"But as it is written, eye hath not  
seen nor ear heard, neither have  
entered into the heart of man the  
things which God hath prepared for  
them that love Him. But God hath  
revealed them to us by the spirit,  
for the spirit searcheth all things,  
yea, the deep things of God." The  
minister then went on to say that  
while the deceased was not able to  
be present at the service, that if he  
were but there he would certainly  
testify, as did the Apostle Paul, that  
human eyes had not seen the glory  
of God. The minister said that God's  
love is evidenced not so much in  
words as in deed, for He has pre-  
pared a mansion for those who live  
faithfully. He has made it possible  
for human beings to understand thru  
the spirit the preparations which  
have been made for those who "do  
justice, love mercy and walk humbly  
with their Lord." Mr. Haley was  
referred to as a man who had fol-  
lowed high ideals of service and  
faithfulness and so thus had come  
to occupy a high place in public  
opinion accorded only to those who  
live thus earnestly.

Music for the afternoon was sup-  
plied by Mrs. Huss, Mrs. Charles  
Withee, James Guyette and H. A.  
Brewer. The many beautiful flow-  
ers were in charge of Miss Viola  
Robison, Mrs. Charles Hollowell,  
Mrs. Ernest Sibley and Mrs. Otha  
Thorne. The bearers were Charles  
Duffer, J. N. Dunavan, Henry Pur-  
cell, Lee W. Shawen, Victor Kruse  
and Roy Eyres, all employees of the  
Jacksonville Railway & Light com-  
pany who have been associated with  
Mr. Haley during the years. Inter-  
ment was in Diamond Grove ceme-  
tery.
